If you want to avoid charter arrangement when you go for a ski holiday to Champoluc, but still wish some advice and help with the bookings, you should ask us! TheAlps gives you a tailor made option. Choose if you want to buy your flight, decide if you prefer self catered apartments, B&B or hotel with breakfast and dinner. We pick you up with our private transfer or we can help you to rent a car at a reasonable price. We will be on place and welcome you with your ski-passes when you arrive, and I guarantee that you will have the best tips on the coziest restaurants and most valuable shops. We can also book your skis to rent and go with you for a first tour on the slopes.

We have more than 50 years personal experience and a burning passion for Champoluc, Monterosa and for the whole Aosta Valley!

Champoluc is a small alpine village with the charm of old traditions, friendly Italian feeling, combined with an extremely well developed ski system. 180 km of prepared pistes and a large off-piste area make this place perfect for all levels of skiers. Family managed hotels and restaurants with genuine Italian food are spread out in the village center as well as on the slopes. You will never need to stay in long lines or fight for your curves in the pistes. The chance is real that you make the first track in fresh new powder you can easily reach from the lift system. Sit and sip a beer or a cappuccino in the late afternoon, Italian Alps are known to be the sunny side of the mountain!
